

Institute of Economic Studies recognizes International Paper and Rampraveen Swaminathan

Institute of Economic Studies, one of India's premier research institute, in an event conducted in Bangalore on May 15th, 2015, conferred International Paper with an "Excellence Award" for excellence in the field of industrial development, that was attended by more than 250 eminent personalities, economists, academicians and parliamentarians. At the ceremony Rampraveen Swaminathan, CMD – IP APPM & President –India was felicitated with the "Udyog Rattan Award" for his contributions to the industrial development in the country - an award which was previously received by eminent personalities like Mukesh Ambani in 2007, Vijay Mallaya in 1987, and Hiroyuki Suzuki of India Yamaha Motors, etc.

While receiving the award, Mr. Rampraveen Swaminathan said, "It is an honor to receive this recognition from the Institute. At International Paper, we are committed to constantly raising the bar and setting high standards of excellence for operations, customer support, and employee engagement. This award is recognition of the work our team is doing."

Institute of Economic Studies is one of the premier research oriented and awareness promoting organization conducting studies in various problems relating to Indian Economy as a nonprofit body with wide memberships from all over the world.
